Revision

Counts toward the Percentage revisions — Needs revision

Percentage is on **step 2 of 6** (next revision today). Finishing this adds new material, so its schedule restarts from step 1, counted from the day you finish.

History

- **Tue 13 Oct** · Added from your paste
- **Wed 14 Oct** · Not finished, carried forward to today
- **Thu 15 Oct, 08:10** · Marked as priority
- **Thu 15 Oct, 10:40** · Started · 24 questions attempted

Notes

Mistakes: successive % changes. Remember x + y + xy/100. Re-check questions 12 and 19.

Mark completed | Move to tomorrow | Edit

Revisions

Counted from the day you actually finish. Missed revisions move forward as one item and never pile up.

How a topic score moves revisions

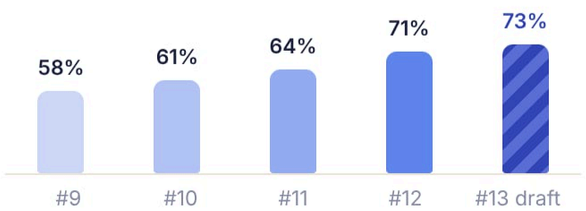

A topic score counts as that topic's revision on the test date.

An overall score alone is saved, but doesn't move dates.

You can change these limits in Settings.
